Water-Tight - Round 15 L	3889

LIFERAFTS - STANDARD or EMERGENCY PACK

All Plastimo Liferafts are manufactured to the highest standards, and feature the Plastimo exclusive "Double Chamber" construction technique, as well as Insulated double floors for Thermal Protection. They are supplied in either Valise (Bag), or Canister formats, and include the Emergency Packs. Emergency packs vary for the size of raft, but generally include: A Floating Anchor (Drogue), Air Pump, Paddles, Floating Knife, Rescue quoit and Line, Water Bailer, Repair Kit, Sponge, Survival Instructions, Flares, Signalling Mirror, Waterproof Torch and a few ration packs and other extras.

The only difference between the Standard and Emergency pack is merely water and food rations.
