Details

The Kru Sport Pro waistcoat style lifejacket is comfortable and compact. This lifejacket is ISO12402-3 (150N) approved yet offering superior 180N buoyancy. It has been designed for all weather conditions and water use.

A great addition to this jacket is the Pro Sensor operating head. The clear inspection window within the jacket allows you to inspect the status indication on the sensor, to detect if the lifejacket has been manually or automatically activated.

Features

- Compact & unobtrusive zipped waistcoat style
- Padded mesh system with waistbelt retaining pockets
- Integral removable crotch strap
- Easy access harness loops at front (on harness version only)
